Mr. and Mrs. Bruce Dill visited the latter's parents in Cincinnati last week.

At a congregational meeting on Sunday last the members of the Baptist church decided not to call the minister under consideration at that time. Mr. Don Groves is back from Idaho visiting friends and relatives in this vicinity.

Rev. Corfman of New London, O., was a Fredericktown visitor on Saturday last.

The ladies of the Methodist church held a sewing bee at the parsonage on Friday evening.

Mrs. Tobin was the guest of Mrs. S. Hair the past week.

Mr. LeRoy Ackerman and wife were in Mansfield on day last week.

Miss Faye Booz who has been visiting relatives and friends in this vicinity returned to her work at Los Angeles, California, the past week.

Mr. and Mrs. Scott Kirby entertained Miss McGovern of Columbus last week.

Maurice Levering was back from Pennsylvania visiting relatives in this vicinity last week.

The Fredericktown council met Monday and transacted the usual business in the way of passing on bills, etc. By far the most important matter before that body was the consideration of a new ordinance for the supply of gas to Fredericktown. A new ordinance was sent in from Columbus, but new features were added to the proposition, such that the council could not give it a fair consideration without some representative of the gas company being present. A petition was presented to the council signed by nearly every business man in the village asking that the council consider the proposition made here a week ago by Mr. J. S. Denning, one of the directors of the Ohio Fuel Supply company, and also according to the proposition published by the company in the Free Press of last week. As the new ordinance was not made in accordance with these propositions the council laid it on the table until next Wednesday when the council asks that the company have some one present capable and empowered to make terms and contract. One of the objectionable features of the ordinance presented was that a minimum charge of 50c per month be charged for meter reading whether that amount of gas was used or not. We have never been compelled to pay such charges and so attempt has hitherto been made to make such a collection and the people will hardly stand for that feature. The new contract also states that the new pipe to be laid would be "other than a 3-inch pipe." That might mean a six-inch or a quarter-inch, and several other features were also so vague as to leave the bars down for future trouble and dissatisfaction.

The following program will be given Friday afternoon, Dec. 23, 1910, at the high school:

Mandolin Duet—Leo Steele and Dell Hathaway.

Chorus—Girls and Boys.

Piano Duet—Mattie Burns and Florence Ely.

Rev. A. C. Bowers, a returned missionary from Assam, will lecture in the Baptist church next Sunday evening. Rev. Bowers is a speaker of great power and his lecture is intensely interesting throughout. He shows a number of native costumes and curios from the land of which we know so little and he will tell so much. Those who enjoy hearing a thrilling lecture given by an unusually capable speaker who has seen and experienced what he has to tell, should not fail to hear Rev. Bowers.

Mrs. A. C. Huddle and Mrs. H. C. Lewis entertained nineteen ladies at 6 o'clock dinner on Thursday evening of this week.

Mr. and Mrs. T. J. McNaghten of Pleasantville, Ohio, were the pleasant guests of Mr. and Mrs. A. C. Huddle, a few days the past week.

Mrs. S. W. Wray was called to Ludlow Falls, Ohio, last week by the death of her mother, Mrs. Eli Duncan. Mrs. Wray returned home Tuesday.

The high school entertainment given at the Presbyterian church on Tuesday evening of this week was a delightful success in every way. It was feared that the announcement of the enterprise had been too short as it was not decided just when this program would be ready until a late date, but in spite of the shortness of time a large audience greeted the performers and all were greatly pleased with the work done which reflects great credit upon the teachers in charge and the ability of the pupils.

GOOD FELLOW AND GOOD THING

The postmaster of Hawthorne, Ill., left his post of duty with a shortage of \$8000. When the postoffice inspectors caught him in Chicago, four weeks later, he had five cents in his pockets. He looked at the coin bitterly, and said:

"I was a good fellow."

Being a good fellow is an ambition that is easily realized. A man may not have any attractive qualities. He may be morose, unsocial, disagreeable, base and carry his baseness exposed on his face; but if he is willing to be known as a good fellow, that is to become a good fellow, he will find plenty of people ready to fawn upon him until his money is gone. But probably most good fellows are naturally attractive and enjoy the good will of their fellows. The trouble with them is their poor judgment. They do not discriminate between flattery and friendship. Many good fellows are close kin to fools. But some are not, and they are the ones to be warned by the example of the Hawthorne postmaster. A man that finds himself possessed of the reputation of being a good fellow ought to pull himself up short once in a while and make a critical examination of his followers. The quickest way is to turn the tables and become petitioner instead of prince. Touching the touchstone of genuine friendship—Knoxville Sentinel.

GIRLS

Of Pasadena Refuse To Meet

Officers Of Japanese Fleet

While Playing With Matches

Tuesday Afternoon

Pasadena, Cal., Dec. 7.—The leading society girls of this city decline to mingle with Japanese naval men of high rank, even to meeting them on the ballroom floor, and as a result the Nipponese-American relations in Southern California are severely strained. The Japanese training squadron, Admiral Yashiro and all his officers are apparently insulted and resent the indignity.

Upon the arrival of the Japanese squadron at San Pedro, a few days ago, the Hotel Maryland management arranged to give a swell ball in honor of the commander and his officers. The hotel people learned that society girls would have nothing to do with the function. It was found necessary to call off the ball on short notice to the Admiral.

In the meantime he had sent out exquisitely engraved invitations for a return dance on his flagship yesterday. These were not delivered, but were left in the key boxes. Wherefore it seems nobody showed up for the Admiral's ball. When the school children of Long Beach were all ready to take cars for San Pedro yesterday a telegram from Admiral Yashiro informed them they could not be accommodated.

SMITH OWED SKINNER & CO., \$5.00. He went in one day and handed them \$5.00 in cash. Skinner forgot to take it off his books, and the next month presented the same bill. He thought he had paid it, but having no proof, SMITH PAID TWICE.

JONES OWED SKINNER & CO., \$5.00. He went in one day and handed them a check on this Bank for \$5.00. Skinner forgot to take it off his books. But the next month when the bill was presented to him, Jones balked. He said: "See here, Mr. Skinner, I paid that bill last month and here is the check which the bank has returned to me with name endorsed on the back, showing that you got the money." JONES PAID ONCE. This illustrates only one of the advantages of a bank account.

BURNS

Of A Serious Character Received By A Child

While Playing With Matches

Tuesday Afternoon

The infant son of Mr. and Mrs. Earl Skeen, residing about four miles south of Mt. Vernon, was badly burned on Tuesday afternoon. Mrs. Skeen was busy working in the kitchen and did not notice that the child was doing anything that it should not do until on stepping on the back porch, she heard a scream from the baby. She ran into the room and found that the boy's clothes were blazing all over his body. The mother grabbed a rug, which she wrapped around the child and smothered the flames but not until it had been very badly burned about the body. Dr. Runck of the Mt. Vernon Medical and Surgical Sanitarium was called in attendance to dress the burns. It was not thought that the burns will prove fatal.

Mrs. Skeen thinks that while she had not been noticing the actions of the child, it secured a match, and lighted it, when she stepped on the back porch, and that the flame from the match came in contact with the clothing.
